royal hugo product line

For those who wish to explore the new, sparkling dimension of wines. These beverages blend the fine aromas of white wine with the refreshing effervescence of sparkling, offering a uniquely enjoyable, often fruity flavor profile. Ideal for warm summer days, garden parties or even elegant evening gatherings. Food pairing: seafood, light salads, pasta and risottos, fruit pies. The addition of carbonation makes these beverages even more refreshing and light, making them a perfect choice for hot summer days. White wine-based carbonated drinks are excellent as an aperitif but also pair well with food, thanks to the versatility of white wine. With various white wines and flavorings (such as fruits or flowers), they offer a wide range of flavors, so everyone can find their ideal taste. Whether you are looking for a drink for a calm evening or want to spice up a special event's aperitif, white wine-based carbonated beverages offer an exciting and stylish choice.
