

## **Serpens Tokaj Sweet 2023**

**Vineyards:** Királyhegy vineyards

**Grape varietie(s):** **Furmint**

**Soil:** Volcanic, andezite, zeolite, loess

**Technology:** Harvested in early November already bursting slightly in Botrytis condition

**Tasting note:** The colour is light straw yellow. On the nose, it's the cavalcade of ripe sweet fruits that first comes to mind on the first sniff. A particularly intense nose of ripe tropical fruits, pineapple, mango, ripe peach and apricot notes. On the palate it is vibrant, with ripe fruitiness as the main line, dominated by peach and complemented by tropical fruit. Drinkable, pleasantly sweet, a wine that will not be heavy despite the significant sugar content.

**Parameters:** alcohol: 10,5 vol%
