NEDEEA

Feteasca Alba & Feteasca Regala & Tamaioasa Romaneasca

A unique and seductive blend of Romanian varieties, characterized by floral aromas and the taste of green apples and juicy pears, Nedeea is at the same time refreshing and complex. The rigorous selection and careful processing of the grapes led to a final result which is representative for the potential of Oltenia's white wines.

white / dry / 12.5% vol

Babesca Neagra & Feteasca Neagra

The Feteasca Neagra and the Babesca Neagra, age-old Romanian varieties, form a distinctive rosé – with berry, white cherry and peony aromas and a full, refreshing taste, reminiscent of juicy plums. Youthful, full of freshness, it may be drunk (well chilled) by itself, by the pool, or paired with light fare.

Feteasca Neagra & Negru de Dragasani & Novac

Unique in its combination of the three indigenous varieties, Nedeea red is remarkable due to its black cherry, berry, prune and clove aromas. It distinguishes itself through its full, creamy taste, fine tannins and persistent, pleasant aftertaste, which invites pairings with roast meats (lamb, beef, pork) or dark chocolate desserts.
