

ROSÉ NEBÓ

Right on Slovenia's western edge in **Goriška Brda**—where the landscape gently meets Italy—stands **Nebó Winery** with its 18 hectares, which welcomed its first harvest in 2021.

The cellar reflects a belief that great wines are guided, not forced. Modern techniques are paired with natural processes—indigenous yeasts, patient maturation, and a balanced use of stainless steel and wood—allowing each wine to evolve naturally while preserving the identity of Brda's soils, climate, and gentle Mediterranean influence. **The focus is on elegance, longevity, and wines that pair naturally with food.**

Medium-deep pink with delicate orange hues, **Rosé** from NEBÓ line shows youthful freshness at first glance. Aromas of red berries, particularly strawberry and raspberry, are pronounced and inviting. On the palate, it is dry, with moderate acidity, a richer body, and a creamy texture that adds depth and fullness. The long, flavorful finish reveals abundant character.
