VINIFICATION & STYLE

This wine is our signature Olaszrizling from the historic Slikker vineyard, which was first mentioned in 1078 AD. In addition to its unique history, the 40-year-old vines and the mineral-rich red soil make this wine very special to us. We hand-harvest organic grapes, use a short skin maceration process, and allow for long aging on fine lees, which contributes to the wine's character. We employ gravity sedimentation and bottle the wine unfiltered.
