## ROSE 2025.

Fruitiness, freshness, and lightness – this is a rosé that invites enjoyment without rush. Made from Frankovka, it brings a playful yet balanced character, created for those who know how to pause, feel the moment, and surrender to the wine.

The wine is delicate, pale pink in color, and on the nose, aromas of strawberry, raspberry, and cherry stand out. Its aromatic profile is fresh and clean, with pronounced fruitiness that feels natural and unpretentious. On the palate, it is semi-dry and rounded, pleasant and easy-drinking, with a soft finish that lingers.
