SAUVIGNON BLANC 2025

In Feričanci, nature has its own story – vineyards, plant life, and the forest exist in harmony, and deer instinctively recognize what is valuable. Long ago, the first Sauvignon harvest did not wait for the cellar; it became part of a story that still shapes the identity of this wine today.

The wine is greenish-yellow in color, with aromas of passion fruit, elderflower, and lime standing out on the nose. Its aromatic profile is fresh and precise, with discreet herbal notes that reflect the Slavonian landscape. On the palate, it is clean, lively, and distinctly fresh, with a long and elegant finish.

Alc. 12.5% vol.

Residual sugar 1.7 g/l

pH 3.26

Total acidity 5.6 g/l
