

LIGHT 2025

Muscat

100 % Muscat

Summary by the winemaker

We created this wine using an aromatic grape variety, choosing Muscat to produce a truly fresh, light summer wine. The result is a low-alcohol, airy wine with a bouquet dominated by rich, fresh floral notes. An excellent choice for an afternoon toast on the beach, but it also holds its own as an accompaniment to a cozy summer evening barbecue.

Winemaking notes

We reduced the alcohol content using a special hydrophobic membrane technology that selectively removes alcohol, leaving the wine's structure and aromatics intact. Additionally, we aimed to ensure the base wine's natural alcohol content was lower from the very start by carefully selecting the harvest date.

Analysis

Grape variety: 100% Muscat

Fermentation: reductive

Aging: none

Style: dry

Alcohol: 7%

Residual sugar: 5 g/L

Acidity: 4.8 g/L
