Méthode traditionnelle

Protected origin Tokaj dry sparkling wine

Grape variety: 100% Hárslevelű

Superbly vivacious, brisk sparkling wine with a 2.5 g/l dosage that is unnoticeable, but still makes the wine much rounder than the 'brut nature' sparklers with zero dosage. The minty, green spicy character make it very unique and even more fresh and crisp than we are used to with Hungarian sparkling wines. The higher-than-average acidity and the long citrusy finish enhance the freshness and vivacity. Unstoppable youthful energy!
